Seventy Richard Neill took the chair and received a motion to sustain Elder William (Vim) Horn as Conference Chairman. The motion was seconded and approved unanimously. Brother Vim then, as Chair, accepted a motion to sustain Elder David Joyce as Conference Secretary. The motion passed.

A motion was made by Elder Shaun Turner to accept the agenda for the conference business sessions. It was seconded and passed by the body.

The next order of business was the presentation of Council, Missionary and program reports as listed in section 4 of the conference notebook. In addition to the written reports, several people shared information and testimonies about the activities and ministry from the previous year.

Aaronic Council – Brother Stephen Henson reported and shared several positive statements regarding areas where the Council was able to assist including at the Solemn Assembly in September of 2020, during the Spring Gathering, and at the May Aaronic Priesthood retreat.

Women’s Council – Sister Angie Goff summarized an eventful, yet challenging year, by commenting that although the 2020 Spring retreat had to be cancelled due to Covid concerns, a modified 2020 Fall Retreat was held as well as a February Winter Gathering and a 2021 Spring Retreat. Sister Angie also commented on the success of the women’s classes on Spiritual Preparation, headed by Sister Pat Chadwick.

Education Council-Sister Rebecca Griffin shared the report as detailed in section 4-3 of the conference notebook.

Coordinating Council – Seventy Richard Neill addressed the report (as printed on page 4-2 of the conference notebook) discussing the general nature of the Council and emphasizing the work done at the September 2020 Solemn Assembly and the Spring 2021 Gathering.

Publication Council – Elder Jason Hamilton reviewed the new subscription process for the “Tidings” magazine and the on-line component of that publication. Sister Griffin also commented on the challenges of mailing packages both in the US and abroad.

Stewardship Council and FSM -Bob Dickson spoke about the work being done and the positive impact that the Freedom Stewardship Ministries (FSM) program was having on people in our branches. Bob shared two specific testimonials from families who had received assistance from this ministry. The Spirit moved in a wonderful way to confirm the blessings that this effort is having in the lives of people.

Youth Council – Elder Steve LaHue shared information contained in the report on page 4-17 of the conference notebook, including health issues of the council chair, Marten Garn, which, along with the Covid issues of 2020, severely hampered the council this year.

Evangelism Council – Elder Steve LaHue presented an introductory statement about activities including domestic outreach and turned the floor over to those close to the various missionary boards. A wonderful spirit was present as the following reports and testimonies were given regarding the work in these various fields:

ARM- Speaking for ARM were Elders Brian Mundy, Doug Smith, and Eric Odida. As part of his report, Brother Doug updated us on the Mildred Smith Clinic in Kenya and its success. Many wonderful testimonies accompanied these brothers' reports. A detailed report from ARM is included starting on pages 4-4 of the conference notebook.

GEM- Along with the written report, Elder Brian Mundy shared concerns for the Saints in the European areas including Germany, Russia, and the UK. Covid in these areas has kept much of the visiting ministry from taking place there, and there is concern regarding those who have been locked down under these conditions and what it does to the mindset of those who become isolated with this fear and lack of spiritual direction.

SEAAM- Seventy Richard Neill spoke about the ongoing efforts in Australia, Nepal, and India, and recognized Elder Marciano (Jun) Pamongcales from the Philippians who shared with us testimony of the events there.

The Lord blessed us with powerful confirmation of the work that has been entrusted to us as we have seen witness both domestically and abroad of how His hand works with those who seek to build His Kingdom.

A brief discussion was held to discuss the format for the rest of the week and the meeting was adjourned and was closed with a prayer by Brother Stephen Henson.

Respectfully Submitted,

David Joyce, Conference Secretary

Whereas, the Restoration Branches represent the Church organized on April 6, 1830, and Reorganized on April 6, 1853, until superseded by the further recognized organization of the Church, or until Jesus Christ returns.

- Be it resolved, that the Evangelism and Outreach Council be renamed and divided into two separate councils.

One council will be called the Domestic Missionary and Outreach Council, with responsibility to offer support to existing branches, individual saints, as well as existing outreach efforts in the domestic mission field of the USA and Canada.

The second council will be called the International Missionary Council with responsibility to the international fields apart from the USA and Canada, and including Native American ministries that are included under Missionary Boards so organized to provide ministry to the Native American peoples and tribes.

- Be it resolved, that the two councils will be presided over by a Seventy when practicable. The two councils will initially determine within themselves how they will be structured and function.
- Be it resolved, that these two councils will work in harmony with the leaders and people of the missionary fields to whom they have been called and sent to minister.
- Be it further resolved, that each council will continue to make annual reports and proposed budgets to the Conference of Restoration Elders for consideration and approval.

-Seventy Frank Dippel made a motion to amend the resolution to require the Domestic Council to include a member of the All Saints Restoration Group network. The amendment failed.

-Elder Jay Havener made a motion to amend the resolution to strike the words "and Outreach" from the name of the Domestic Missionary and Outreach Council. The amendment failed.

CRE Minutes for Thursday, June 24, 2021

The Thursday Conference session was called to order at 9:20 AM CST and began by singing "Redeemer of Israel" and an opening prayer was given by Elder Joe Easterling.

A statement was made reaffirming the intent and purpose of the CRE and encouraging restoration branches to come together for the purpose of conferring with one another to seek God's guidance on how to become more unified and engage each other to assist in the work.

The elders dismissed for quorum discussion for the first half of the meeting. Only one quorum was held today. General session was called back to order at 10:30.

Election of Council members was conducted with paper ballots locally and electronic ballots for those who were registered virtually. (Online ballots were to be accepted until 5 PM CST, approx. 6 hours).

Quorum reports were presented by Elder Sean Telljohann with the following items summarized:

A large part of the session was dedicated to a discussion of the letter/statement referenced above. No vote would be taken on it until tomorrow. This included a motion to form a committee to mold the statement into the form of a resolution. Brother Jay Havener, who chaired the quorum today, asked that those who could would kneel in prayer concerning the potential and the need for this further consideration.

Two motions to consider for business on Friday were made by Elder Brian Mundy.

1. That the concepts garnered from the class on the Hopes and Goals of the Church be further refined and used by the Coordinating Council to prioritize the Goals of the Church and publish it in Tidings of Zion and distribute it among the branches.
2. The Conference would authorize the Coordinating Council to send invitation and organize a meeting with each Restoration branch not affiliated with any factional movement and make every effort to reason together and find ways to work together.

A motion was made by Brother Sean Telljohann, secretary of Quorum 1, to form a committee of 3 or more people including Vim Horn, Brian Mundy, Richard Neill and those members of the Pastors of Zion who were attending, that would provide additional guidance to the quorum related to the statement/letter discussed today. This committee report was to be addressed as immediately as practicable and a report would be posted online today which would provide for an action statement, etc.

The Motion passed.

2021 Restoration Branch Family Reunion and Conference of Restoration Elders

CRE Minutes for Friday, June 25, 2021

The Friday Conference session was called to order at 9:15 AM CST and began with an opening prayer by Elder Tom Mitchell.

The elders dismissed for quorum discussion. Only one quorum was held today with both in person and online elders joining in one group.

General session was called back to order at 10:20.

The minutes from Thursday were read and approved.

The Quorum reported out on their discussions including:

It was moved to send the letter / Statement to the Restoration Branches.

The resolution on the Goals of the Church was moved to the Conference floor.

The resolution was also moved to invite and organize a meeting to reason and work together with the Restoration Branches.

With the time left, the quorum held a discussion on "Who is the Church?"

Elder Sean Telljohann, Quorum secretary, moved the Statement to the Restoration Branches (**attached**). The motion was approved.

Elder Brian Mundy moved the resolution on goals of the church (**attached**). The motion was approved.

Elder Doug Smith moved the resolution to organize meetings and invitations to reason and work together with the branches (**attached**). The motion was approved.

The 2021-2022 Council members election results were read to the conference. (**attached**)

It was informally decided that the Coordinating Council provide the most appropriate method for disseminating the Statement to the Restoration Branches, as they would be led by the Spirit.

Motion was made for reconvening the Conference of Restoration Elders during the last full week of June 2022 at CPRS/Waldo Ave Restoration Branch. (June 19-25, 2022.) Approved.

Brother Richard Neill spoke informally about the Coordinating Council and its new members and how it might shift the dynamics of the Council with the majority of its members located outside the Center Place. The potential blessings resulting therefrom were discussed.

Brother Brian Mundy asked that the Domestic Missionary and Outreach Council would meet immediately after session. This is brought to attention here to bear witness of the quick movement within the Councils and the enthusiasm to get things started.

Brother Paul Gage provided to the elders a 90 day preparation packet leading up to fall gathering in September and asked that these packets be disseminated as widely as possible.

Brother Shaun Turner asked for clarification on the fall gathering as opposed to the Kirtland Priesthood Retreat. This year we would look at a Fall Gathering since the Community of Christ properties still had many Covid restrictions and use of the property could not be secured. We would look at the Kirtland Priesthood Retreat again in the fall of 2023.

Brother Vim Horn concluded with a few thoughts. He reminded the elders that each of us needed to be an ambassador for getting the word out and encouraging the branches, and that this was more than just a duty for the Coordinating Council. He encouraged us to begin, to think about, and do those things that we have been called upon to do. Vim referenced an Andrew Murray book titled "The Ministry of Intercession." He stressed how important intercessory prayer is to the life of the church and on behalf of the church, both domestically and worldwide. He said it's time to find ourselves on our knees with the fervor and power which is ours by virtue of our calling in the Melchizedek Priesthood. And finally, that fellowship with the Father and the Son results in oneness and fellowship with one another.

Brother Brian made an informal request to the Coordinating Council to draft and present a letter of appreciation to Kevin McMilian and crew for their exceptional technical assistance for the week.

A motion to adjourn was made and approved.

The closing prayer was given by Elder Jay Havener, Conference/Reunion Pastor

Respectfully Submitted,

David Joyce, Conference Secretary

Statement to the Restoration Branches

Dear Independent Restoration Branch Members and Priesthood,

There has been much confusion and misrepresentation concerning the purpose of the Conference of Restoration Elders (CRE), and its perceived intent to organize the church. To be clear, the CRE's purpose and intent is not to organize or reorganize the church. While some leaders in the CRE in the past have made movements towards this, it has been consistently rejected by the elders meeting in conference.

The overall purpose of the CRE established in 1993 remains the same today; *To bring solidarity to a growing number of Restoration Branches--and Latter Day Saints in general--during this period of disruption and fragmentation.* (Source: Conference "Operating Guidelines" accepted 1996) The scope of this purpose is focused on offering ministry and support to any and all restoration branches and saints within the restoration branch movement that desire that support. *The Conference is not the Church, but a gathering of the Melchisedec Priesthood to share in testimony, prayer, legislation, and preparation to return to our branches better equipped and unified to perform our duties to minister to our brothers and sisters in Christ.*

Without going into detail, there is growing evidence that the Restoration Branch movement within the US is experiencing loss of branches and members through attrition, divisions and other factors. It is in a general decline in terms of its effectiveness to offer ministry within, and out of the Church. While there is no question that God is in control and will accomplish the purposes of His church, the question remains, are we doing all we can to assist with the work?

As such, the coming together of a significant number of the Restoration branches for the purpose of conferring with one another to seek God's guidance on how to become more unified and engage with each other to assist with the work, is needed, and is something the CRE would support.

In a Statement to the 1998 Conference of Restoration Elders brother Vim Horn shared the following:

The Majority of Ministry from the melchisedec priesthood is currently being provided within the Restoration Branches. We know and agree that the leadership of the melchisedec priesthood transcends the Branches and extends to the Church. However, because of our current scattered state, the ability to offer the extended ministry to the Church has been greatly limited.

*If there is going to be an opportunity to offer coordinated ministry and leadership, **The Branches are going to have to desire to come together. The Branches need to determine initially how that coming together will be accomplished.***

A courtship is taking place. If you can recall the first time you went out with your wife or sweet heart; remember how awkward the two of you were as you began the process of forming a relationship with one another. The tenuous steps you took to begin to form that relationship.

I believe that we, in the Restoration Branches, find ourselves in a very similar situation. I believe there is great desire on the part of the people, and consequently, the Restoration Branches, to come together and begin to

become a part of one another. I believe that we are in that awkward time when we as Branches are beginning to court one another.

We are ready to take some tenuous steps to come together but we are not real sure how to do it, or if we are ready to commit ourselves to one another. Brethren, I believe the Branches and the people need some time to figure this out. To figure out that it is all right to come together and to do things with one another. That we are of one Church, the Church of Jesus Christ, restored for the last time on this Earth.

I believe that as the Branches begin to come together for worship, fellowship and other activities, the good spirit will be witnessed and an environment of love and trust will begin to develop.

The Conference believes it is time for us to intensify this courtship. If we agree that our current condition will not bring about the vision, or hinders or weakens the work, then maybe it's time for us to do something different. We believe it's time for us to challenge the status quo of our condition. We believe it's time for all of us, in our individual branches, to engage in a soul-searching process—first, within each branch, and second, between branches.

It is the sense of the current Conference that the unifying of the saints can only occur with the active participation and support of the "Branches". This can only occur by priesthood in Restoration Branches faithfully magnifying their calling and preparing the Saints (Doctrine and Covenants 135:2b-c), and the Saints faithfully executing the principles of the law of the celestial kingdom. It is our understanding that the foundational element in all of this is that each individual, priesthood and member alike, must be fully converted unto Christ, must have a covenant relationship with Him, and must be committed to fulfilling His holy purposes. Only when our individual preparation is true, will a collective desire to be unified be accomplished.

The Conference remains committed to working with individual Branches, and Branch associations, to accomplishing the above. Doctrine and Covenants 136:3 reflects our hope.

"The movements toward better understanding of ministerial responsibilities, duties, and goals, and toward unity of endeavor in teaching, preaching, evangelizing, and the perfecting of the Saints, are pleasing to the Lord.

Contentions, bickerings, and strife are unseemly, hinder the work of the church, and should not find place among the Saints. Only in the peace of fraternity and the unity of those caught up in the spirit of Zion's redemption can the work of the Lord be accomplished. To this task let the church devote its energies."

It is our great desire that one day soon, the word of the Lord will say of us:

The Spirit saith further unto the church: The Lord is well pleased with the advancement which has been made in approaching unity;...and though there may have been differences of opinion, these differences have been held in unity of purpose and desire for the good of my people, and will result in helping to bring to pass a unity of understanding. So be ye encouraged and press on to the consummation designed of God for his people--unity, honor, sanctification, and glory. Amen. (Doctrine and Covenants 129:9)

Resolution on Goals

Whereas, Brother Vim Horn provided a class on 6/23/21, and

Whereas in that class people submitted their hopes and goals of the Church,

Therefore, be it resolved that the Coordinating Council make it a priority to formulate clearly and concisely the goals of the church,

And be it further resolved that they further create a plan with measurable objectives to reach these goals.

And be it further resolved that this be published in the "Tidings" and distributed to the branches for their review and implementation.

Resolution on meeting, reasoning and working with branches

Whereas there is ample evidence that the Domestic Restoration Branch movement is experiencing loss of branches and members through attrition, divisions, and other factors,

Therefore, be it resolved that this Conference authorizes the Coordinating Council to send an invitation to and organize a meeting, or meetings, with the various appropriate Restoration Branches,

And be it further resolved that every effort be taken to reason together and find ways to work together.
